
This book will allow you to practise your Turkish, French or English language skills using conversational phrases. It is a very useful tool for the people who are not so good in speaking any of these languages. It has many examples of phrases that are used in daily life. The book also has an audio CD that includes sentences from the book being read aloud in each language. Finally, it has a word list for each language where words are listed alphabetically with their definition and usage notes. This booklet is ideal for students, teachers and anyone else who wants to learn but does not have time to attend classes regularly or cannot afford tuition fees regularly.

The book has been written in the following languages:

A Chinese version is currently being produced.

The workbook is intended to accompany the Turkish Course for Foreign Students textbook. It provides additional practice in grammar, vocabulary, sentence structure, pronunciation, reading comprehension and writing. Two additional units review the contents of the first two units in the textbook. The workbook is very useful for students who have already studied Turkish and wish to reinforce their language skills.

The Arabic for Foreigners by Dr. Ali Chato is the most comprehensive book on Arabic for non-native speakers that takes into consideration the stages of Arabic language learning, mastering the basics, grammar, dialects, colloquialisms, idioms, regionalisms and so on. It also contains ten units with definitions in English in order to facilitate learners' understanding of Arabic phonetics/syntax in the initial stages.
